

# Discover BERNINA's state-of-the-art system for automated quilting

## Quilting has never been easier

- Automated quilting in just a few simple steps
- Plan your quilt in every detail with ease
- Stitch out simple edge-to-edge designs or intricate custom patterns

Multiple on-demand help functions for assistance in every step of creating and placing your quilting designs.

## Design meets WiFi capability

- Coming with integrated WiFi
- Meets highest safety standards as it is UL® listed and approved
- The Q-matic system integrates perfectly with the frame

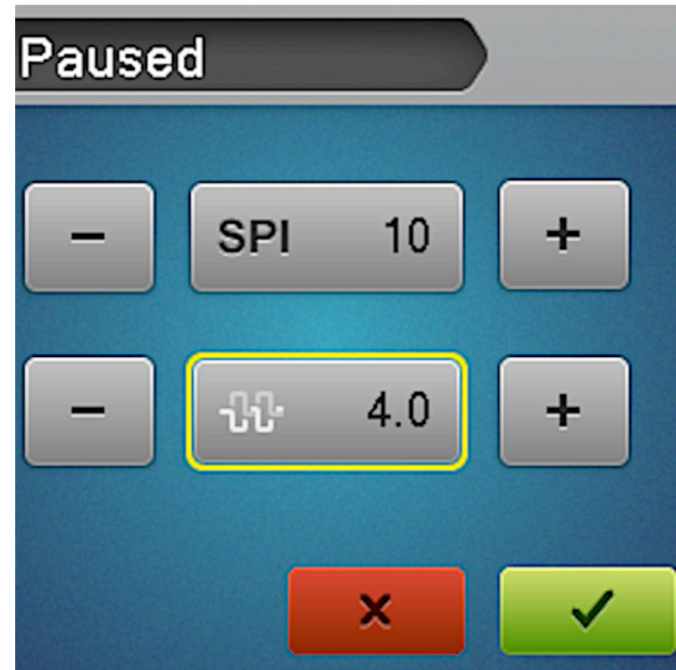

The WiFi capability of Q-matic makes it easy to transfer designs from the PC or laptop to the Q-matic PC.

## Commands at Your Fingertips

- Easy access of all features
- Change parameters with a fingertip
- Different view options for a perfect quilt layout

Direct, one-click-access of all features: layout your quilt, alter designs, place designs and control the stitch out.

## Full comfort while quilting

- Sewhead screen according to the upcoming task
- Change stitch-out parameters anytime
- Confirm on sewhead screen or with toggles

The sewhead screen will change according to the upcoming task. Change parameters like upper thread tension and SPI any time during stitch-out.

## Freehand Quilting Any Time

- You decide: Automated or freehand quilting
- With one-touch quick belt release system
- Beautifully combine digitized designs with free-hand work

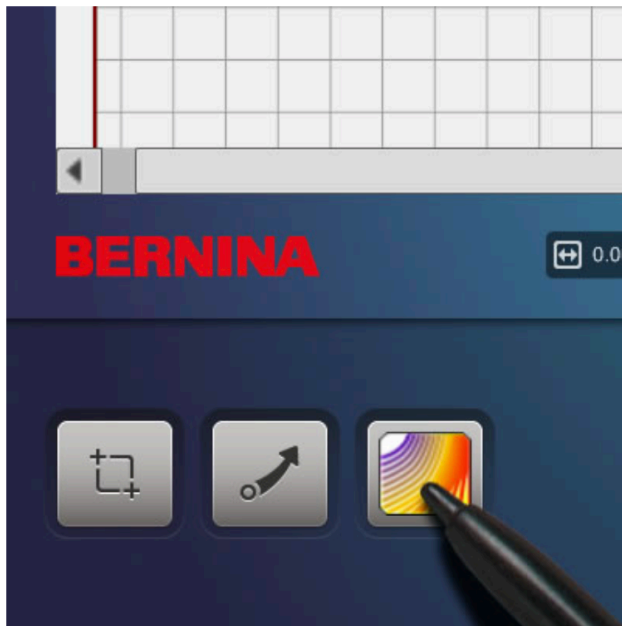

Changing from automated quilting to free-hand work is easy as counting 1 ... 2 ... 3 due to the one-touch quick belt release system.

## Move your machine with ease

- EasyGlide is the power steering of Q-matic
- MicroMove will place your needle exactly on spot
- Integrated in sewhead interaction screens

When activated, EasyGlide will help to move the belted machine head in all directions with ease and without additional force. MicroMove will place your needle exactly on spot and where you need the first stitch to be.
